

Do you really need paracetamol on prescription?

The NHS in North Tyneside spent £457,000 last year on a product easily bought in pharmacies, high street shops and supermarkets.

This is the equivalent of:

15 community nurses

OR

30 drug treatment courses for breast cancer

OR

65 hip replacements

OR

453 drug treatment courses for Alzheimer's

OR

471 cataract operations

Your community pharmacy can advise on common minor illnesses. The NHS belongs to YOU, use it responsibly.
